A couple of questions?

1. Small LERCS find ALERC useful and supportive but may struggle to justify membership fees....

Would a short side of A4 of bullet points about what ALERC and the ANC have achieved this year help you justify the expense?

2. Priorities – only 4 LERCS mentioned Recorder 6. Can you confirm if this is a priority for your LERCS?

2. We had 29 out of 45 members respond is there anything we can do to hear the opinions from membership – 4 LERCS are here that did not respond so we would particularly like to hear from you?

3. Does anyone have anything to add ?
